FOREWORD

To Students:

This handbook has been prepared by the Administration of Louis D. Brandeis High School in cooperation with the Superintendent and the Board of Trustees of the Northside Independent School District. It is for your guidance in understanding some basic policies around which your school functions. If parents or students have questions, please feel free to contact a campus administrator. Please read carefully and abide by these rules and regulations.

To Parents:

The home is the greatest influence on the child during the formative years; from these influences the child develops his first habits and obtains most of his ideals and attitudes. The influence of a good home environment cannot be duplicated within the classroom; therefore, it is imperative that the home and school work cooperatively for the maximum development of your child. Please make every effort to encourage your child to attend school regularly and punctually. Failures are often attributed to irregular attendance, while tardiness tends to develop the wrong habits and attitudes toward life and its responsibilities. The purpose of this handbook is to supply you and your child with information about Brandeis High School. Frequent reference to this handbook will acquaint you with the functions of your school. Please feel free to confer with teachers and the administration when you deem it necessary. The cooperation of school patrons, based on the knowledge of the functions of the school, will result in a more efficient and successful school program. Brandeis High School is fully accredited by the Texas Education Agency.

LOUIS D. BRANDEIS (1856-1941)

Louis D. Brandeis, the first Jewish American to serve on the Supreme Court, was born in Louisville, Kentucky in 1856. As a young man at the age of fourteen, he received a gold medal for excellence in high school. Brandeis entered Harvard Law School at the age of nineteen and graduated in 1877 as the class valedictorian. His career achievements included defending a ten-hour work day for women and being one of the first attorneys to work pro bono for his clients. As an advocate for the socially and economically disadvantaged, Brandeis became known as the "People's Attorney." In 1891, Brandeis married Alice Goldmark and eventually had two daughters. In 1948, Brandeis University in Waltham Massachusetts was founded in his honor.

A CODE FOR THE GOOD CITIZEN OF THE AMERICAN HIGH SCHOOL

I realize that, as a student in an American high school, I owe an obligation to parents or relatives, whose sacrifices have given me the foundation upon which I am building, to the school which offers me an opportunity to develop my natural powers, and to the community which makes my educational advantages possible, to my country which gives me liberty under law, to my own future as an individual and as a citizen. As a token of my determination to discharge this obligation, I promise:

That I will use the facilities offered by the classroom to enlarge and broaden my interests, to increase my knowledge, to bring me closer to truth, and to cultivate habits of industry and sound thinking.

That I will broaden my sympathies and practice the arts of sociability, true friendliness in my home, in the school and in all my association; avoiding snobbishness in my own conduct and condemning it in others.

That I will develop habits of reading and conversing which will broaden my culture and enable me better to understand the problems of community, state and nation.

That I will carry on discussions in and out of classroom, not to overcome opponents and gratify my pride but that I may grow in knowledge and wisdom.

That I will avoid every form of cheating or dishonesty and will undertake to discourage all dishonorable practices.

That I will obey every rule or law of school, city, state, and nation, reserving the right to criticize rules and law constructively, but respecting them so long as they prevail.

That I will use my powers and influence for the common good. That I will pursue happiness myself and strive to establish conditions under which happiness and opportunity may be hopefully pursued by everyone in my home, my school, my community, my country, and the world.

Adopted by the National Association of Student Councils.

ACADEMIC INFORMATION

Academic Integrity Policy

To foster a productive learning community, students and their teachers must base their relationships on mutual trust and respect. This means that teachers must clearly convey their expectations to their students, follow the prescribed curriculum, provide a safe learning environment and treat their students with fairness. Each student, in turn, is expected to arrive to class ready to learn, bringing all necessary materials and demonstrating a respectful, receptive attitude. A meaningful educational experience must be grounded in the confidence that both the students and the teachers put forth honest effort. Since trustworthiness is an integral part of building a relationship of mutual respect, students are required to complete all assignments with honesty and integrity.

Any violation of that trust will be taken seriously and will result in consequences.

Violating Academic Trust – Examples may include:

Cheating:

Copying another student's work
Allowing another student to copy work
Using unauthorized notes, internet sources or electronic devices on a quiz or test
Sharing information about a quiz or test without teacher permission
Collaborating with others on an individual assignment

Fraud:

Forging another person's signature on a note, progress report, or assignment
Fabricating an excuse or note of any kind
Intentionally failing to give parents or guardians important school communications
Re-submitting an assignment to a teacher that was originally completed for another class without permission from the teacher

Plagiarism:

Presenting any part of another's work as your own.

NOTE: When writing essays, preparing projects, or completing any school assignments, students are expected to correctly cite any information that is either paraphrased or directly quoted from another source. Information which is not common knowledge must be documented in the appropriate citation method required by the instructor.

Consequences of Violating Academic Trust – Will be determined by the teacher and may include:

A zero, on the assignment

Parent contact/conference

“U” in conduct in that grading cycle

Discipline referral to administrator or academic dean for documentation

Notification of offense to student’s coaches/sponsors (as it relates to UIL and NHS eligibility)

Remember: Do your best work, complete it honestly, and you will achieve success!

Plagiarism Statement

In conjunction with the Academic Integrity Policy, the Brandeis High School English Department provides the following guidelines for students and parents to follow when completing assignments, projects, research, etc. in ANY subject area.

Definition of Plagiarism

Plagiarism is using someone else’s printed, electronic, graphic, or verbal ideas without clearly and correctly crediting that person/source. More simply, plagiarism is “literary theft” because, intentionally or not, you are suggesting that part or all of someone else’s work is your own.

Avoiding Plagiarism

There are two different ways to present information gathered from a source without plagiarizing. One is to quote the source directly; the other is to paraphrase.

To quote a source directly, copy the text word-for-word. This means copying the text EXACTLY as it appears in the source—spelling for spelling, punctuation mark for punctuation mark. Then, enclose the copied text in quotation marks, and cite it in the format requested by your teacher (MLA style, APA style, etc).

To paraphrase a source, read the text carefully, restate it in your own words, and cite it in the format requested by your teacher (MLA style, APA style, etc). Do not use quotation marks when paraphrasing since you are not directly quoting the source. Also, be sure that your rewrite is not too similar to the original text—that you have done more than simply rearrange or replace a few words.

Recognizing Plagiarism

Here is an ORIGINAL text from the online article “As Children Grow, Activity Quickly Slows” written by Tara Parker-Pope for The New York Times. Experts have long believed that activity wanes as children enter their teenage years. The study affirming that belief, one of the largest and longest ever under-taken on the subject, followed about 1000 children from around the country and, unlike many previous studies, used monitoring devices to track the activity carefully rather than relying on reports from parents. Below is an ACCEPTABLE use of the source through direct quotation:

With the ever-present influence of cell phones, video games, and the internet, the days of playing tag and riding bikes are coming to an end. In fact, “Experts have long believed that activity wanes as children enter their teenage years” so, in a recent study, they “followed about 1000 children from around the country and, unlike many previous studies, used monitoring devices to track the activity carefully rather than relying on reports from parents” (Parker-Pope).

The preceding passage is acceptable for two reasons:

1. The writer has copied the desired text word-for-word from the original and placed quotation marks around it.
2. The writer has properly cited the online source by placing the author’s last name in parentheses at the end of the quotation.

Again, here is the ORIGINAL text from the online article “As Children Grow, Activity Quickly Slows” written by Tara Parker-Pope for The New York Times. Experts have long believed that activity wanes as children enter their teenage years. The study affirming that belief, one of the largest and longest ever undertaken on the subject, followed about 1000 children from around the country and, unlike many previous studies, used monitoring devices to track the activity carefully rather than relying on reports from parents. Below is an ACCEPTABLE use of the source through paraphrase:

The belief that children’s physical activity decreases as they grow older inspired one of the most in-depth studies—in both the number of subjects and the technology used—regarding the issue to date (Parker-Pope).

The preceding passage is acceptable for two reasons:

1. The writer has conveyed the true meaning of the original and reworded it through more than a simple rearrangement or replacement of words and phrases.
2. The writer has properly cited the online source by placing the author’s last name in parentheses at the end of the paraphrase.

Yet again, here is the ORIGINAL text from the online article “As Children Grow, Activity Quickly Slows” written by Tara Parker-Pope The New York Times. Experts have long believed that activity wanes as children enter their teenage years. The study affirming that belief, one of the largest and longest ever undertaken on the subject, followed about 1000 children from around the country and, unlike many previous studies, used monitoring devices to track the activity carefully rather than relying on reports from parents. Below is an UNACCEPTABLE use of the source through direct quotation:

With the ever-present influence of cell phones, video games, and the internet, the days of playing tag and riding bikes are coming to an end. In fact, “Experts have long believed that activity wanes as children enter their teenage years” so, in a recent study, they followed about 1000 children from around the country and, unlike many previous studies, used monitoring devices to track the activity carefully rather than relying on reports from parents.

The preceding passage is unacceptable for two reasons:

Even though the writer has copied the desired text word-for-word from the original and placed quotation marks around the first section taken from the text, he/she has not placed quotation marks around the second section taken from the text.

The writer has not properly cited the online source by placing the author’s last name in parentheses at the end of the quotation.

IF A WRITER COMMITS ONE OR BOTH OF THE ABOVE OFFENSES, HE/SHE IS PLAGIARIZING.

Once more, here is the ORIGINAL text from the online article “As Children Grow, Activity Quickly Slows” written by Tara Parker-Pope for The New York Times. Experts have long believed that activity wanes as children enter their teenage years. The study affirming that belief, one of the largest and longest ever undertaken on the subject, followed about 1000 children from around the country and, unlike many previous studies, used monitoring devices to track the activity carefully rather than relying on reports from parents. Below is an UNACCEPTABLE use of the source through paraphrase:

Many experts have long thought that as kids become teenagers, their activity wanes. One of the largest studies done on the subject followed approximately 1000 children using monitoring devices to keep track of their activity instead of using reports from parents, like past studies had done.

The preceding passage is unacceptable for two reasons:

1. The writer has merely reworded the original through simple rearrangement and replacement of words and phrases.
2. The writer has not properly cited the online source by placing the author's last name in parentheses at the end of the paraphrase.

IF A WRITER COMMITS ONE OR BOTH OF THE ABOVE OFFENSES, HE/SHE IS PLAGIARIZING.

Consequences of Plagiarism

As plagiarism violates the Academic Integrity Policy, please refer to that policy for a list of possible consequences.

Courses

Brandeis is a comprehensive high school designed to serve the needs of all students, regardless of their background and goals. The curriculum is as varied as the student body, with course offerings designed to prepare students for their "next step," whether that step be a job, technical school, college, or a combination of these.

A. Course Selection

1. Students will receive a Northside Independent School District Course Description Catalogue to assist them in making course selections. Suggested sample four-year plans to aid students and parents in preparing individualized programs are also available.
2. Students will receive sufficient help from their counselor in preparing the type of program they desire. Parents and students are encouraged to make individual appointments with counselors and the Career Technician as the need arises.
3. Seniors are seen early in the fall of their senior year for help in finalizing post-graduation plans.
4. Counselors will prepare a comprehensive handbook for seniors.
5. When senior appointments are concluded, counselors schedule small group junior conferences to discuss career and educational plans.
6. Freshmen and sophomores are seen in small groups for planning and decision-making.
7. Students are encouraged to utilize the Career Center to obtain information regarding careers, colleges, job placement, etc.
8. Students may go to the Guidance Office before or after school and during lunch to make an appointment to see their counselor.

B. Policies

1. Students are assigned to counselors alphabetically.
2. All students must carry at least five subjects unless they are in one of the career and technology cooperative programs.
3. Correspondence courses to be used for graduation should be completed on or before April 1 of the student's senior year. It is the responsibility of the student and parent to see that final correspondence grades are submitted to the Registrar.
4. Students wishing to take courses in summer school, night school, or by correspondence must obtain written permission from their counselor before enrolling.

Career Center

The Career Center has important resources for students. It is located in A140 and is open 8:00 a.m. to 4:30 p.m. every school day to service students, faculty and parents. The Center is staffed by a full-time Career Education Technician and student assistants. The technician works closely with the counselors and teachers to schedule individual students or group guidance activities related to careers.

The beginning point for utilization of the Career Center is Bridges, a web-based computer program which provides current, easily accessible information on occupations, two year and four year colleges and universities, trade and technical, graduate and professional schools, financial-aid and armed services. By using a student-issued eDiscover token or password, parents can assist students in personalizing post-secondary plans by accessing this program at home or in other places where internet connection is available. Students can now complete and save their personal portfolios electronically at school and/or at home. While not all-encompassing, the following components are found in the Career Center.

TEC-local job listing, college videotapes, CDI, College Search Software, ACT/SAT Prep, and much more.

College and Career Library

Web sites and catalogs from Texas and out-of-state colleges, books about selecting a college, current career and scholarship information, and books related to financial aid and preparing for college entrance exams are available for student use from our Career Center library. Most catalogs may be checked out overnight. Students may visit the Career Center before and after school and during lunch.

Long Term Project

The following policies will apply to Long Term Projects.

Teachers will communicate to students the beginning of a long term project. (Name, i.e. term paper, science fair project) will last (number) days. The project is due upon completion by the student, but no later than (date). Students are encouraged to turn in the assignment early to avoid penalty or inconvenience should unforeseen circumstances cause an absence on the due date. The project will receive a penalty of (no more than 10) points per day after (same date), regardless of the reason, excused or unexcused, for a student's absence. If a student has an extenuating circumstance for non completion, the student must communicate with the teacher prior to the final completion date, except for death in the family, serious accident, or a long term illness. Students who may be absent on the final completion date must make arrangements to have the project delivered to the teacher during that school day (prior to 4:05 p.m.) Projects need not be accepted after the third school day.

Library

The library functions as a vital instrument, as well as a basic requirement for quality education by enriching all parts of the educational process. It reflects and supports the philosophy of the school; it shares and implements the school's aims and objectives. All procedures are established on the basis of service to students and teachers; schedules are changed and procedures are altered when necessary to serve a need. Use of the facilities by individuals and groups is encouraged at all times.

Each campus library supports the curriculum and provides a wide variety of materials suitable to the interest and abilities of students in their pursuit of knowledge and love of reading. Information literacy skills for life-long learning are taught, practiced and applied. Home access to the online catalog is available at <http://webcat.nisd.net/>. In order for each school to maintain a high quality of collection, students learn responsibility in caring for library materials. If library materials are lost or damaged, the student is expected to pay for them.

1. The library will be open each school day from 7:30 AM until 4:30 PM. Evening hours on Monday through Thursday are from 4:30 PM until 7:00 PM.
2. A student I.D. card with a barcode is required to check out library materials and computers.
3. Parents are welcome to use the library facility and are encouraged to check out materials.
4. The number of items to be checked out by anyone is generally three, but exceptions will be made in situations where the need is evident.
5. Books are loaned on a three-week period and may be renewed as often as needed.
6. Reference materials, magazines, and reserve materials needed for intensive short-term use by one or more class groups are to remain in the library during school hours but are available to students as well as teachers for short-term overnight loans.
7. Students will return all books to the library.
8. If a book has been lost or damaged, the student will be required to pay for the book. If a book which has been lost and paid for is recovered in good condition, the money will be refunded to the student.
9. Students must obtain a pass from a teacher during regular class hours (8:40 AM – 4:05 PM) to visit the library.
10. During lunch periods, a limit of 50 library passes are distributed at the library entrance, on a first-come first-served basis. In addition to the library distributed passes, teachers may also provide students with a pass for lunch time visits.

ATTENDANCE

ABSENCES

Minimum Attendance for Class Credit Law

The Minimum Attendance for Class Credit Law (Texas Education Code 25.092) STATES THAT A STUDENT MAY NOT BE GIVEN CREDIT FOR A CLASS UNLESS THE STUDENT IS IN ATTENDANCE FOR AT LEAST 90% OF THE DAYS THE CLASS IS OFFERED, EXCEPTIONS PROVIDED IN SCHOOL DISTRICT POLICY. Excessive absences for credit purposes is defined as: more than 9 absences (both Excused and Unexcused) in a semester or 18 absences in a school year. (Please refer to Section "D" of this booklet for a complete explanation of the law.) Students who have lost credit for a class due to absences will not be issued a Verification of Enrollment form (VOE) which is required to obtain a driver's permit.

Attendance Recovery

Students who have accumulated excessive absences (Excused and Unexcused) will be required to attend Attendance Recovery in order to gain credit in a class. Attendance Recovery dates and location are posted throughout the campus and this information can also be accessed through the Attendance Office or AP Office. Attendance Recovery does not remove or alter an Attendance Warning Notice or a Court Referral.

Warning Notices and Court Referrals

The State Compulsory Attendance Law also states that after 3 Unexcused absences a student and parent/guardian may be issued an Attendance Warning Notice. If a student accumulates 5 Unexcused absences after a Warning Notice has been issued, a Court Referral can be submitted for "truancy." Attendance Recovery does not remove the Warning Notice or Court Referral.

Due To Missing a Bus

A student who misses the bus must make every effort to get to school because all classes missed are counted against his required attendance.

Verification of Absences

When a student is unable to attend school, the parent is required to send a note within three days of returning to school. The note should include the reason for the absence, the date, and a parent contact number.

Readmission Procedures Following Absences

On the day following an all day absence the student will report to the Attendance Office and present a note signed by the parent or guardian stating the reason for the absence and the date of the absence. The Attendance Office will mark whether the absence is excused or unexcused.

Examples of excused absences are: personal illness, family funerals, medical appointments, church/religious trips with documentation, and family emergencies with explanation.

Examples of unexcused absences are: truanies, car trouble/flat tire, missing the bus/ride, oversleeping, caring for a sibling, heavy traffic, court appointments for traffic violations, family vacations, and notes without all pertinent information.

1. If a student fails to bring a note (or loses the note during the day) for his/her absence the student will be referred to the Attendance Office to determine if the absence is excused or if the student has been truant from school. Students who are truant are subject to disciplinary action and will be referred to the Assistant Principals' office.
2. A student attending only part of the school day due to appointments must sign in or out of school through the attendance office. A parental note is required to sign in or sign out. If a student arrives after the school day starts, the parental note will be replaced with a pass to class. If a student must leave before the end of the school day, the parental note will be replaced with a dismissal slip. **It is advised that students inform their teachers about any planned absences prior to the absence.**
3. **The Attendance Office will retain all notes and slips related to absences for their records.**
4. Students who arrive after 8:50 a.m. due to tardiness must report to a tardy station. Students who are excessively tardy (more than 5 minutes) to any class will be issued

consequences for excessive tardiness.

5. Students missing more than **fifteen minutes** of any class are considered **absent** for the period and will need a pass to class from the Attendance Office.
6. If there is a question concerning the validity of any note, the student will be referred to the Assistant Principals' office for verification.

Absences and Grades

Students are encouraged to make up work from all absences, regardless of the reason. Tests or work not made up will result in a grade of zero for that assignment or test. As per Board policy, a maximum possible grade of 70 may be earned for make-up work for students who have been truant (EIAB Local). Truancies may void any opportunity for a waiver from the state attendance policy. If the absence is long term, parents are encouraged to request assignments through the student's teachers. Please see other sections of the handbook for district guidelines on make-up work.

Arrival at School

Once the students arrive on campus they are not to leave without checking with the Attendance Office. For permission to leave school, refer to Section D of this handbook or the Readmission Procedure above.

Tardies

A student is marked tardy to class if he/she is not in his/her assigned place when the tardy bell rings. Between class periods there is an interval for passing, and a student is tardy to the next class or study period if he/she is not in the assigned place at the end of this interval.

If a student is detained by a teacher, that teacher should provide the student with an excused tardy admit slip to the next class.

Tardiness to school, with few exceptions, is inexcusable. Students who are tardy to class will be subject to disciplinary action. Students, more than five minutes tardy are considered "excessively tardy," and are subject to immediate consequences. Students more than fifteen minutes late to school/class must report to the attendance office and may be subject to disciplinary action if the absence is unexcused. Students who drive to school and are consistently tardy will have their campus parking/off campus lunch privileges revoked until on-time attendance becomes consistent.

GENERAL INFORMATION

Student Deliveries

Balloons, Corsages, and Flowers

Items of any kind will not be delivered to students. This includes corsages, flowers, or balloons.

Cell Phone Policy

Cell phones/ Personal Electronic Devices/BYOD

Personal Electronic Devices (PED's) must be turned off and not visible during the school day unless you are in a school designated 'electronic device zone' or using the device for 'teacher approved' instructional purposes. Students who violate this policy will be subject to escalating consequences which might include confiscation of the device and require a parent to pick up the device. Students should follow specific guidelines regarding PED's in Section B and Section E of the Student-Parent Handbook which include the Acceptable Use of District's Technology Resources.

1st offense—

Phone is confiscated

Parent can pick up

2nd offense—

Phone is confiscated

Phone is kept overnight

Parent can pick up phone on next day

3rd offense—

Phone is confiscated

Phone is kept for a minimum of 3 nights

****PHONES CAN BE PICKED UP BY A PARENT BETWEEN 8:00 A.M. AND 4:30 P.M.

Change in Name, Home Phone Number, or Address

The Registrar's office should be informed of any change in a student's name, phone number, or address. It is important that the school has this information in case of an emergency.

Charge for Duplicate Copies of Student Record

Each student receives a copy of his/her grade report, schedule, schedule change, etc. If a student loses his/her copy and requests a duplicate, there will be a charge for each copy.

Class Dismissal

The dismissal bell in the classroom is not a signal for students to move. It is a signal for the teacher to conclude that particular class. The teacher, not a bell, will dismiss students from class.

Conference Period

Each teacher is assigned a conference period as part of his or her teaching assignment. This period is set aside to give the teacher opportunity for carrying out plans for both classroom work and individual guidance to students. Another purpose of this period is to provide a teacher with a scheduled time to conference with parents. Parents may make appointments to visit with teachers by contacting the Principal's Secretary.

Confiscated Items (hats, caps, electronic devices, etc.)

Confiscated items may be picked up in the Assistant Principal's office. Any confiscated item (including headwear, skateboards, electronics etc.) may require a parent's presence for the item to be returned.

Detention Hall

The detention hall schedule will be posted at the beginning of the school year. Missed detention halls will result in disciplinary action. If a student is absent on the day that he/she is scheduled for a detention hall, he/she must present his/her absentee note to the Assistant Principal's Office IMMEDIATELY upon his return.

Disruption

Disruption of the school process will not be tolerated. Any student who participates in a boycott, sit-in, stand-in or other related forms of disturbances will be subject to disciplinary action.

Electronic Devices

Personal electronic devices (excluding cell phones) are allowed during lunches ONLY. High school students having cellular phones or paging devices must keep the devices turned off and not visible during the regular school day. See "Telecommunication Devices" in Section C for more information.

Financial Obligations

In order for a senior to participate in senior-related activities including, but not limited to, prom, invitation distribution, cap and gown distribution, graduation rehearsal, and project graduation, the student must be in financially good standing with the campus and the school district. Seniors must clear all debts and obligations prior to these events. Debts and obligations could occur from club, class, or organization dues; spirit, fine arts, and athletic organization supplies and activities; uniforms; textbooks; fundraising events; and any other financial debt or obligation from school owned items checked out to the student.

Fire Evacuation Bell System

Continuous tone — Move out of the building quickly and quietly.

1 tone — Move back into the building.

Students will leave the building in the manner prescribed for each classroom and posted on the bulletin board in each room. Students should take all belongings and move quickly to the assigned location.

Graduation

The graduation ceremony is a school function, and being such is part of the school year. The school year for a senior ends with the completion of the graduation ceremony. Therefore, a graduating senior who violates the Student Code of Conduct, and as a result is assigned to an alternative placement for a period of time that extends through the date of graduation, will not be permitted to participate in the graduation ceremony.

Graduation is a solemn and dignified ceremony. Students should dress as if they are preparing to interview for an important job. Facial piercing (other than earrings) will not be tolerated. Students are expected to observe proper etiquette during the entire graduation ceremony. While they are on the stage and receiving diplomas, students must keep their hands at their sides at all times. The only time hands may be lifted is when students are receiving diplomas from school board members and shaking hands with the superintendent. Students who raise their hands above their waists for any reasons other than receiving the diplomas or shaking hands may be removed from the graduation ceremony. Students demonstrating any other behaviors that serve to lessen the dignity of the event may be removed from the graduation ceremony. All students are expected to demonstrate a high degree of maturity and behave appropriately. Don't cause embarrassment to yourselves, your parents, and your fellow classmates by being removed from this very special event.

To be included in the graduation program, a student must be in good standing for graduation at the time of the final ranking.

Hall Pass

Students out of any class will be charged with the responsibility of having in their possession a corridor pass signed and dated by a member of the faculty or staff. Time leaving the class and returning to class will be noted on the pass.

Headwear

Students are not permitted to wear headwear (hats, caps, hoodies, scarves etc.) inside the building.

Health Services

The school nurse gives first aid only. She does not diagnose illnesses, but takes note of symptoms and notifies the parents of her observations. Students are to be kept at home when ill, and they should return only after they have had a normal temperature for 24 to 36 hours after any illness. This is important for the health of the student and for the health of all students at school.

If a student becomes ill or is injured while at school, he/she will be given first aid and his/her parents will be notified. In no case will a child be sent home until the parent or the person indicated by the parent has been contacted. Every effort will be made to contact the parent first. If the parent is unable to come for the student, arrangements must be made for his care by the parent. In an extreme emergency, EMS or an ambulance (designated by the parent) will be called.

It is the parents' responsibility to renew the Medical Release Card each year. Please inform the student's counselor or the nurse of diagnosed medical problems.

I.D. Cards

Upon enrollment, all students will be issued a Brandeis High School student identification card through the Assistant Principal's Office. The first card is issued free of charge. Lost or stolen cards will be replaced for a \$5.00 fee. Students are to carry their school I.D. card while on campus and to all campus events. A student must present his/her I.D. card to any staff member upon request.

In-School Suspension (ISS)

In-School Suspension (ISS) will be used as a disciplinary measure by the Assistant Principal's Office to help students assume more responsibility for their actions. Students will be expected to successfully complete assigned ISS work and demonstrate their ability to follow rules. Students will be released from ISS when the facilitator can document completion of assignments. Failure to follow ISS rules may result in suspension and a parent conference before a student can return to school.

If a student forgets books, money, research papers, PE shorts, Lunch, etc., the administration will not interrupt the instructional process in order to deliver such items to the students.

Personal laptops will be provided filtered access to the internet as well as access to any web-based student applications (e.g. UnitedStreaming, NetStorage) that would be normally accessible to students from home. Laptops are valuable devices that can be damaged. The district is not responsible for the loss or theft of a personal laptop, nor for damage, nor unauthorized access to the device nor the data that resides therein. Please refer to Section B of Northside's Student and Parent Agreement for the Acceptable Use of the District's Electronic Communication System for more information.

Locker Assignment

Lockers are assigned to students at the beginning of the school year. NO SHARING OF LOCKERS WILL BE PERMITTED.

Lockers are NOT the student's personal property and are subject to inspection by school personnel.

Lockers are provided as a service for storage of books and school needs. They are not intended for the safe keeping of valuables. The school district has no insurance to cover items lost or stolen from the lockers.

Lost and Found

If anything of value is found on the grounds or in the building, please turn it in to the Administrative Office staff, which will attempt to find the rightful owner. If you have lost anything, check in the Administrative Office. Unclaimed items will be donated.

Lunch

Students are expected to properly dispose of trash and disposable items. Lunch periods are on the closed campus concept. Seniors and qualified Juniors may leave campus for lunch. (See Junior Lunch or Senior Lunch policies.)

Medical Emergencies

Students must report to the CLINIC with a pass if they become ill or are hurt in any way during the school day. STUDENTS ARE NOT TO LEAVE SCHOOL, WITH OR WITHOUT PARENTS, UNLESS THEY HAVE SIGNED OUT THROUGH THE CLINIC. It is the responsibility of the student and parent to provide the school with an emergency phone number so that parents may be notified immediately should such a need arise.

Due to the limited number of spaces and safety concerns only Junior and Senior students will be permitted to bring cars to school and park on campus. All operators must have an operator's license, proof of insurance, and abide by all school safety and parking regulations. All vehicles will be registered through the appropriate Assistant Principal.

Upon arrival at school, cars are to be locked and students are to come IMMEDIATELY onto the campus. The parking lots are off limits during the school day. Students in the parking lot without permission from an administrator will be subject to disciplinary action. **SENIORS WILL FORFEIT THEIR OFF CAMPUS LUNCH

Students Selected for Popularity Courts

Students are elected to courts in conjunction with various events held on the high school campus. Examples include but are not limited to homecoming court, dance and ball courts, and prom court. It is the position of the district that these selections are based on popularity. However, if these court representatives are involved in activities that are extracurricular, or if the

activity is held in conjunction with another activity that is considered extracurricular (i.e. Homecoming Court), then the students must meet all eligibility rules relating to extracurricular activities. Student participation in courts that are not considered extracurricular (i.e. dances, ball courts, prom court) must follow the guidelines as specified by the activity sponsor, or the campus principal. Students participation on any popularity court will ultimately be at the discretion of the campus principal.

Telephones

Telephones are available for student use in an emergency. Students will not be called to the telephone during class hours, nor will they be permitted to leave class to use the telephone. Only in cases of an emergency will a message from a parent or guardian be delivered to a student.

Textbooks

Students are issued a textbook for each subject they are taking if a textbook is needed. Some textbooks are class sets with online access and students may not have a hard copy issued to them. The books are numbered, and it is the student's responsibility to take care of the books. Any lost or stolen books are the responsibility of the student. The books belong to the State of Texas and are loaned to the student. Students will not be issued a new book until any lost or stolen book is replaced by payment.

Tutoring

As a service to the school, some clubs and organizations offer free tutoring to students throughout the school year.

Tutoring is also provided by a certified teacher in English, mathematics, social studies, and science after school.

Students should contact their teacher, counselor or the Academic Dean for further information about tutoring opportunities. Classroom teachers also maintain a tutoring schedule.

Visitors

All Parents and Visitors are required to sign in and show ID in the Administrative Office with the Front Office Receptionist and indicate the reason for visiting the campus. They are also required to sign-out prior to leaving the campus. Upon sign-in, all Parents and Visitors should receive a Visitor's Pass.

Withdrawing from School

When it becomes necessary for students to withdraw from school, the student and parent should report to the state attendance secretary in the Attendance office to complete the required paperwork. Students are issued a withdrawal form to be filled in by each of the student's teachers. After this form has been completed, the student reports back to the office for the signatures of an assistant principal, a counselor, and the Registrar.

It is imperative that every student who withdraws from school follow all of the necessary procedures and obtain all of the necessary signatures pertinent to withdrawal. Failure to do so will delay the student's transcript being sent to other schools, jobs or military service.

Work Periods

Seniors who are not in a work program and are enrolled in every class needed to graduate in May may apply for a 1st or 8th period work period.
