Attendance Matters at Northside

September 2015

Attendance Matters at Northside

- Texas Education Code (TEC) requires that school-age children through the age of 19 years attend each school day for the entire period the program of instruction is provided.
- Absences may be excused for personal illness, medical appointments, family funerals, religious holy days, court appearances, and other excused reasons as outlined in the TEC Sec. 25.087 and at the discretion of the principal or designee. Absence documentation is to be submitted to the school within three days of the absence. Parents are encouraged to retain a copy of all documentation or notes submitted to the school.
- If a student is absent without valid excuse three or more days or parts of days in a four week period, the district will issue an attendance warning notice (AWN) and develop an individualized attendance plan or behavior improvement plan, as required by TEC Sec. 25.095 and Sec. 25.0915.
- Northside Independent School District has adopted a multitude of truancy prevention/intervention measures to meaningfully address student conduct related to truancy or non-attendance. The campus administrator or designee, student, parent, and possibly other relevant individuals including school nurse, school counselor, probation officer, juvenile case manager, truancy specialist or attendance officer or truancy prevention facilitator convene to collaborate in the development of an individualized attendance plan for the student whereby specific truancy intervention measures are selected in an effort to address the issues that have proven causal to the student's truancy or non-attendance. The individualized attendance plan includes numerous community resources for parent consideration.
- The individualized attendance plan herein constitutes a behavior improvement plan or contract in that the student and/or parent/guardian agree to implement the truancy measures listed for a period of not fewer than 45 school days or what remains of the school year to become effective on the date signed.
- If a student continues to be absent without valid excuse after the issuing of the attendance warning notice and development of the individualized attendance plan, the student and/or parent may be subject to legal action. Specifically, if a student accumulates 10 unexcused absences in a six month period, a student and/or the parent/guardian may be referred to Truancy Court or Criminal Court respectively.

Signatures below constitute agreement to the selected Truancy Prevention/Intervention measures in the student's individualized attendance plan. The parent agrees to monitor the student's attendance and make contact with the school if measures are proving ineffective. When necessary, the campus administrator or designee will convene individuals to reevaluate the individualized attendance plan and modify if needed.
